

*What are the emissions coming from gas pipelines and compressor stations?
What about the emissions from the planned CPV Power Plant?
How close do I have to live to be impacted by it?
What if my kids go to school near gas infrastructure?
Is shale gas different from my grandfather's gas?
Is it safe for my family to breathe and to play outside?
What should I do if I smell or hear something?
How can I best protect my kids from toxic exposure?*

ASK THE EXPERTS
